PROFILE

- Passionate computer science and business system student with a keen interest in machine learning and data science. Skilled at analyzing complex datasets to extract meaningful insights and build predictive models. Dedicated to continuous learning and applying innovative techniques to solve real-world problems.

EDUCATION

2019-2020

- **Annai valenkanni matric higher secondary school**
SSLC
75 %

2021-2022

- **Sri krish international school**
Hsc
75%

2022-2024

- **Rajalakshmi Institute of Technology**
B.tech computer science and business 6
8.01

SKILLS

- Python
- Java
- Data science
- Machine learning
- Data structures

PROJECTS

- **Students mark prediction**
The prediction model using machine learning and it's algorithms which predicts the student's mark by their study hours.
- **Insect bite prediction**
The model which indentify the insect bites and insect providing valuable information to help users avoid further consequences, it's deep learning approach allows to classify bites with a high degree of accuracy,making it a reliable resource for anyone who needs to identify an insect bite.

WORKSHOPS

- Participated in National Intellectual property Festival 2023 which was hosted by CSIR CLRI , Chennaicon July 2023 . I learnt about product production , process of getting patent , copyrigh issues and

Trade issues .

- Participated in the workshop conducted by Rajalakshmi Institute of Technology on the topic of cloud computing and cyber security on the first week of August 2023.
- Participated in the workshop on profile development and SEO concept of linkedin conducted by Faceprep in the year of 2022.
- Visited and participated in the workshop on super computers in the Centre for Development Advanced Computing(CDAC), Bangalore on 29 th April 2024.
- Attended webinar on Smart Mobility, Web3 and Decentralized applications using Intel(R) AI Analytics Framework by Intel unnati on 10 th February, 2023.

CERTIFICATIONS

- certificate on data science in great larning
- certificate on sql in solo learn
- Certificate on Java in solo learn

ACTIVITIES

- Participated in Teachathon 4..0 by idea presentation on the topic of enhancing retailing experience (2023) .
- Participated in Accenture innovation challenge in the year of 2023
